

Is Your Passion Horses?

SaddleUp! Foundation is a 501(c)3 non-profit foundation that caters to all levels of horsemanship. We take pride in our "mother-approved" horses, our wide range of equestrian classes with certified instructors offering Hippotherapy, Dressage, Hunter Jumper, Equitation, Endurance, Western Pleasure, Ranch Versatility, Barrel Racing and more.

What really gets our hearts galloping is opening our barn doors to students who have physical and emotional challenges and providing them with hippotherapy sessions, free of charge.

At *SaddleUp!* Foundation, we believe there is much more to horsemanship than just learning to ride. We teach our students to respect the horses, to respect each other, and to take pride in their work both inside and outside of the arena.

If you would like to *SaddleUp!* Please call Shery McDonald-Galbreath at 303-788-1666 for a tour of our 40 acre facility featuring an outdoor and indoor arena, round pen and an "educational" trail with beautiful views of the Front Range.
